Albert Schweitzer Prize for Medicine 2017
Pierre Fabre / Embassy of France in Czech Republic

Principle

Pierre Fabre and the French Embassy in the Czech Republic organize a competition for an “Albert Schweitzer Prize” in 2017. The goal of this competition is to award the best PhD research work in medicine in the Czech Republic. Every institution of research and higher education in medicine in the Czech Republic may propose high level candidates.

Article 1 Institutions Involved in the Project of Awarding the Albert Schweitzer Prize

All institutions of research and higher education (Universities and institutes of the Czech Academy of Sciences) may enlist their students in the competition for the “Albert Schweitzer Prize”. They have to designate a project coordinator from within the circle of their lecturers and scientists and provide his or her name to the scientific department of the French Embassy in the Czech Republic at the latest on 31st March 2017.

Article 2 Criteria for Selecting Participants

All students of Czech universities, institutions of higher education and institutes of the Czech Academy of Sciences can take part in the competition provided they fulfill the following conditions:
- Their PhD research is encompassed within the topic defined in Article 1
- They are of Czech or Slovak nationality and must be no more than 30 years old
- They have completed their university education at the master’s level and are holders of the academic title Ing., Mgr., MUDr., MVDr., RNDr.
- They are enrolled in a doctorate cycle at an institution of research and higher education participating in the project of awarding the Albert Schweitzer Prize or they have defended their PhD dissertation during the 2016/2017 academic year
- Their PhD studies do not collude with any work for the Pierre Fabre company
- They have a scientific article published or accepted for publication in a peer-reviewed international periodical

Article 3 Role of the Coordinator

The coordinator of the Albert Schweitzer Prize 2017 project has the task of organizing the selection of the best participants from the ranks of the students enrolled at the given institution of research and higher education. These candidates will then be entered by the relevant institution in the nationwide finals of the competition. The coordinator shall verify that individual participants fulfill the conditions for
participating in the competition (viz. Article 2). Subsequently, he/she shall give to the French Embassy in the Czech Republic the names and contact information – personal and work – of all candidates entered in the competition (viz. Article 4) at the latest by 13th April 2017.

**Article 4** Applications to the Nationwide Final Competition

Candidates chosen by individual institutions of research and higher education participating in the project must deliver the complete Application package described in Annex 1 to the French Embassy in the Czech Republic (scientific department) at the latest by 31st April 2017.

**Article 5** Organization of the Selection Committee for the Nationwide Finals of the Competition

The selection committee should meet on 27 May 2017 in Prague. The professional committee should be presided over by Professor Arnold Munnich. Further members of this professional selection committee shall be:
- The attaché for scientific and university cooperation of the French Embassy in the Czech Republic
- A representative of Pierre-Fabre
- One representative of each institution of research and higher education from which candidates have been selected

**Article 6** Course of the Nationwide Finals of the Competition

Individual applicants shall be invited to orally present – in French or in English – their PhD research to the professional committee. Presentations shall last 10 minutes, followed by another 10 minutes for questions from the selection committee.

After the oral presentation, the selection committee shall proceed with the final deliberations. The evaluation of the commission shall be recorded in the protocol. The laureates of the Albert Schweitzer Prize 2017 will be informed of the results of the competition within a week after their presentations.

**Article 7** Financial Subsidies for the Albert Schweitzer Prize 2017

1st Prize: 65,000 CZK and a stipend for a one-month internship in France
2nd Prize: 40,000 CZK and a stipend for a one-month internship in France
3rd Prize: 25,000 CZK

The financial sums for the Albert Schweitzer Prize for Medicine are given by Pierre Fabre. The stipends for the internships are provided by the French Embassy in the Czech Republic. This internship must take place in one of the French research laboratories, and that at the latest by the end of the year 2018, whereas the choice of the scientific workplace at which the student shall realize the internship depends entirely on the student.

**Article 8** Awarding Ceremony

The official awarding of the Albert Schweitzer Prize will take place on 16 June 2017 at the Buquoy Palace, the seat of the French Embassy, in the presence of His Excellency, the Ambassador
of France to the Czech Republic. The awards will be given to the laureates by Professor Jean-Marie Lehn, the Nobel Laureate in Chemistry for 1987. The formal ceremony shall be attended not only by all awarded students, but also by their PhD supervisors and the representatives of the universities, institutions of higher education and institutes of the Czech Academy of Sciences. Students might be invited to cooperate with the media (e.g. interviews) and understand that media materials form ceremonial may be used for marketing purposes.
