

“MAKE OUR PLANET GREAT AGAIN” PRIZE FOR ENVIRONMENT & CLIMATE RESEARCH 2023 BNP Paribas / Embassy of France in the Czech Republic

Article 1 **Scope of the competition**

BNP Paribas and the French Embassy in the Czech Republic organize a competition for the “Make Our Planet Great Again Prize for environment & climate research” in 2023.

The goal of this competition is to award the best PhD research work in all fields of **environment & climate research**. Every institution of research and higher education in environment & climate research in the Czech Republic may propose high level candidates.

Article 2 **Institutions involved and coordinators**

All institutions of research and higher education (universities and institutes of the Czech Academy of Sciences) may enlist their students in the competition for the “Make Our Planet Great Again” Prize.

They have to designate a coordinator and provide his or her name to the scientific department of the French Embassy in the Czech Republic **at the latest by March 7th, 2023**.

Article 3 **Criteria for selecting participants**

All students of Czech universities, institutions of higher education and institutes of the Czech Academy of Sciences may take part in the competition provided they fulfill the following conditions:

- Their PhD research is encompassed within the field defined in Article 1.
- They are of Czech or Slovak nationality and are **younger than 33 years old on May 1st, 2023***.
- They are currently enrolled in a doctorate cycle at a Czech institution of research and higher education **or** they have defended their PhD dissertation in 2022 or 2023.
- Their PhD studies do not collude with any work for BNP Paribas.
- They are the author of at least one scientific paper published or accepted for publication in a peer-reviewed international periodical.

** Extensions can be granted to applicants who took a break from their studies for maternity or parental leave. The coordinator must inform the French Embassy of such cases to make sure the conditions are fulfilled.*

Article 4 **Role of the coordinator**

The coordinator of the “Make Our Planet Great Again Prize 2023” project has the task of organizing the selection of the best participants from the ranks of the students enrolled at the given institution of research or higher education. These candidates will then be entered by the relevant institution in the competition.

The coordinator shall verify that individual participants fulfill the conditions for participating in the competition (see Article 3). **It is their responsibility to check their eligibility.** Subsequently, he/she shall give to the French Embassy in the Czech Republic the names and contact information – personal and work – of all candidates taking part in the competition using the model in Annex 1 **at the latest by April 2nd, 2023.**

At the same time, the coordinators must indicate if they or another representative from their institution will sit on the evaluation committee –if they will not sit, they must provide the name of the representative that will (see Articles 6 and 9).

Institutions with no candidates will not be represented in the evaluation committee.

Each coordinator must choose **a maximum of one candidate by faculty or institute of the Academy of Science.** The president of the selection committee and the attachée for scientific and university cooperation of the French Embassy in the Czech Republic may preselect candidates should there be too many applications.

Article 5 **Applications to the competition**

Each candidate must deliver by email the complete Application package described in **Annex 2** to the French Embassy in the Czech Republic (scientific department) **at the latest by April 23rd, 2023.**

Article 6 **Selection committee**

The selection committee will meet **on June 1st, 2023.**

The committee should be presided over by Jean-Luc Schneider. Further members of this professional selection committee shall be:

- The attachée for scientific and university cooperation of the French Embassy in the Czech Republic.
- One representative of each institution of research and higher education from which candidates have been selected.

Individual applicants shall be invited by the French Embassy. They will present orally – in French or in English – their PhD research to the committee and answer their questions.

After the oral presentation, the selection committee shall proceed with the final deliberations. The evaluation of the commission shall be recorded in the protocol. The laureates of the Prize will be informed of the results of the competition within a week after the meeting of the selection committee.

Article 7 **Financial Subsidies and stipends**

- **1st Prize:** 80,000 CZK, a stipend for a one-month internship in France
- **2nd Prize:** 50,000 CZK and a stipend for a one-month internship in France
- **3rd Prize:** 30,000 CZK

The award prizes are provided directly to the winners by BNP Paribas.

The stipends for internships in France are provided by the French Embassy in the Czech Republic. These internships must take place in a French research center, and that at the latest **by December 31st, 2024.**

Winners must confirm to the French Embassy **by January 31st, 2024** whether they will conduct the internship or not. The scientific research center shall be chosen entirely by the laureates.

We remind the candidates that this grant awarded by the French embassy **is meant to support an internship and not a post-doctoral contract.**

Article 8 **Awarding ceremony**

The official awarding of the “Make Our Planet Great Again” Prize will take place on **June 22nd, 2023** at the French Embassy in the presence of the Ambassador of France to the Czech Republic. The awards will be given to the laureates by Professor Jean-Marie Lehn, the Nobel Laureate in Chemistry.

The formal ceremony shall be attended not only by all awarded students, but also by their PhD supervisors and the representatives of the universities, institutions of higher education and institutes of the Czech Academy of Sciences.

Students might be invited to cooperate with the media (e.g. interviews) and understand that media materials form ceremonial may be used for marketing purposes.
